DOCKET NO. E-01345A-10-0394, ET AL.

After meeting with the parties to this docket that felt clarifications were needed to the ROO, Staff suggests the following amendments that should provide the clarifications desired by those parties:

Page 53, Lines 1 & 2, DELETE "The waiver ... public interest." And REPLACE With –

"In order to assist the Commission in determining whether the waiver request is in the public interest, the waiver request shall include the capacity of distributed generation installed in each of the previous five (5) calendar years and installed to date in the current calendar year, broken out by technology type, customer class, those receiving upfront incentives, those receiving performance based incentives and those receiving no incentives."

Page 53, Line 3, INSERT the following New Ordering Paragraphs –

"IT IS FURTHER ORDERED that for informational purposes only, the waiver request shall include the amount of actual distributed energy (kWh) produced in the previous calendar year and to date in the current calendar year, and the forecasted amount of distributed energy (kWh) expected to be produced in the following calendar year, broken out by technology type, customer class, those receiving upfront incentives, those receiving performance based incentives and those receiving no incentives.

IT IS FURTHER ORDERED that if a waiver is granted, such waiver shall not reduce the annual renewable energy requirement for future years nor reduce the distributed energy requirement for future years.

IT IS FURTHER ORDERED that if a waiver is granted, such waiver shall not require the utility to make up the difference with the utility-scale renewables in the year for which the waiver is granted."
